

# Help Dorothy Day House Grow

(Keeping homeless families together)

Over the past few years, Dorothy Day House has had to turn away approx. 8-10 families each week due to lack of space.

On May 7<sup>th</sup> after years of dreaming about expansion, Dorothy Day announced their plan to buy and renovate 4 houses for family housing. All of the properties are located in the same neighborhood.

This expansion will allow them to house approx. 12 families at one time... Of course that means an increase in staff and operating expenses...

**Dorothy Day is moving ahead with the plans with the belief that funds will come from those who care about homeless families!!!**

*Dorothy Day House depends entirely on monetary and in-kind donations from private donors and charitable organizations. They receive NO federal, state or local assistance.*

[You can help support this effort by:](#)
